

Team Teach

Team Teach is the Local Authority's approved approach to deal safely with incidents of challenging behavior. Team Teach is an award-winning 'positive handling' training. Team Teach helps staff support pupils with challenging behaviour and **teaches** a range of de-escalation strategies, risk reduction approaches and as a last resort, positive handling techniques which promote good relationships between pupils and staff at Lisburne School.

All members of Lisburne staff completed the Team Teach training in January 2019.

One member of staff in school is also a local authority tutor.

Further information can be obtained in Lisburne School's behavior policy.
