- Art/Design Table
- Construction
- Sand & water
- Writing Table
- Maths games
- Music
- I.C.T.
- Outdoor Play/Sensory Garden
- Lots of creative activities

## Autumn 2020

This term Lime class will focus on the topic 'All about me'. We will be looking at ourselves and what we can do now that we could not do when we were a baby. We will also be learning about ourselves and our family and friends and exploring our likes and dislikes. In mathematic we will be focussing on measure exploring matching, sorting and measuring items. In Literacy we will explore the story 'People like me', we will focus on using our senses to explore and investigate sensory items related to the story. Discovering our preferred items, expressing our emotions using PEC's to show our likes and dislikes. During PE we will explore what our bodies can and cannot do and the ways in which our bodies move. In our science sessions we will be using our senses to smell, feel, touch and taste different herbs and even plant our own seeds to watch how they grow and develop.
